

## Memorandum of Understanding on renewable energy

Rio de Janeiro, May 14th, 2024, Centrais Elétricas Brasileiras S/A – Eletrobras, informs that during World Hydrogen 2024 in Rotterdam, Netherlands, it signed two Memorandum of Understanding today. The first with Green Energy Park Global B.V and aims to contribute to the production of renewable hydrogen and derivatives at competitive prices to boost the green economy and energy security. The second memorandum with the government of the state of Ceará for the supply of renewable energy, fostering the decarbonization of the economy and promoting the low-carbon hydrogen production chain in future industrial projects in the state.

The agreement signed with Green Energy Park may reach up to 10 Gigawatts, with Eletrobras being part of this energy supply solution, with a single platform for the production of hydrogen and derivatives designed and implemented by Green Energy Park.

The agreement signed with the Government of the State of Ceará provides for the supply of renewable energy to future industrial projects in the state, as well as the search for solutions for the supply of electricity where there is the development of electro-intensive projects.

Eletrobras continues to contribute to making the Brazilian energy matrix one of the cleanest and most renewable in the world and reaffirms its commitment to sustainable development, innovation and excellence.

Rio de Janeiro, May 14, 2024.

Eduardo Haiama
