

Vale informs about reestablishment of the Guaíba Island Terminal (TIG) activities

Rio de Janeiro, January 31st, 2019 – Vale S.A. (Vale) announces that it has received a favorable decision that warrants the reestablishment of its activities at the Guaíba Island Terminal (TIG). The terminal had its activities suspended earlier today, January 31st, 2019, following an injunction by the Mangaratiba City Government due to the alleged non-submission of the terminal's environmental licenses. TIG presented all the environmental licenses required and the Mangaratiba City Government decided to cancel the interdiction order at the terminal.

This press release may include statements that present Vale's expectations about future events or results. All statements, when based upon expectations about the future, involve various risks and uncertainties. Vale cannot guarantee that such statements will prove correct. These risks and uncertainties include factors related to the following: (a) the countries where we operate, especially Brazil and Canada; (b) the global economy; (c) the capital markets; (d) the mining and metals prices and their dependence on global industrial production, which is cyclical by nature; and (e) global competition in the markets in which Vale operates. To obtain further information on factors that may lead to results different from those forecast by Vale, please consult the reports Vale files with the U.S. Securities and Exchange Commission (SEC), the Brazilian Comissão de Valores Mobiliários (CVM), and the French Autorité des Marchés Financiers (AMF), and in particular the factors discussed under "Forward-Looking Statements" and "Risk Factors" in Vale's annual report on Form 20-F.
