The referral agreement celebrated with Bradesco is aligned with the objective of J.P. Morgan to ensure its customers' continuity and excellence of the services currently provided.

Bradesco has a wide and solid local platform of private banking, as the 2nd largest player in this segment in the country according to ANBIMA – Brazilian Association of Entities of the Financial and Capital Markets, with more than R\$300 billion in assets under management, more than 15 thousand clients and approximately 450 dedicated staff members.

The customers who opt for migration to Bradesco Private Bank will have access to a wide range of products and services, including guidance on succession and foreign exchange, advice on non-financial assets, and structured transactions. Bradesco has a strong local capacity for the management of investment and relationship strategies, allowing it to meet the needs of the most demanding clients in a comprehensive manner.

Bradesco will act to enable an organized transition for the benefit of the clients. The institutions will act jointly to communicate the transfer process to customers, clarify any doubts and obtain the necessary approvals of those who opt for the migration of their portfolios to Bradesco, emphasizing that the agreement mentioned here does not provide for a shareholding transfer between Bradesco and J.P. Morgan.

Bradesco reinforces the commitment to continue providing high-quality services to its customers.
