Re: Official Letter 155/2023/CVM/SEP/GEA-1 - Braskem - Request for clarification on media report

Dear Sirs,

We refer to Official Letter 155/2023/CVM/SEP/GEA-1 ("Official Letter"), dated May 15, 2023, in which you requested clarifications from Braskem S.A. ("Braskem" or "Company"), as transcribed below:

"Dear Sirs,

1. We refer to news reports published on May 12, 2023, in the O Globo news portal entitled: "Alagoas Court orders Braskem to increase guarantee insurance of R\$1.1 billion under penalty of new blocking", informing the following:

The Court of Justice of Alagoas (TJ-AL) determined that Braskem complements by 30% the guarantee insurance stipulated to suspend the blocking of approximately R\$1.1 billion in its accounts.

The obstruction had been imposed to ensure the payment of compensation to the state due to the damage caused by the sinking of the soil in Maceió, a result of the petrochemical company salt mining. However, the effects of the decision were suspended at the end of April upon the presentation of a guarantee insurance of the same value.

Now, Judge Elisabeth Nascimento partially accepted an appeal from the Alagoas government and gave Braskem 15 days to add to the billionaire amount another 30% of the amount, that is, approximately R\$330 million. If it does not comply, the company may have its assets blocked again.

2. In view of the above, we request a statement from the Company about the veracity of the report and, if it is, explain why the Company believed this was not a

Material Fact and also provide any other information deemed important on the subject."

In this regard, Braskem informs that it was only notified on May 15, 2023, of the decision to supplement the 30% guarantee insurance, whose value is not material for the Company, but it will evaluate and take the appropriate measures within the applicable legal deadlines and will keep the market informed on any relevant developments on the matter.

Being what we had for the moment, we subscribe, making ourselves available for further clarifications if necessary.
