

Petrobras on Bahia Terra Production

Rio de Janeiro, May 22, 2023 - Petróleo Brasileiro S.A. – Petrobras, in continuity with the announcements of 03/31/2023, 03/14/2023, 04/13/2023, 05/02/2023, 05/05/2023 and 05/11/2023 informs that it obtained authorization from the National Agency of Petroleum, Natural Gas and Biofuels ("ANP") to resume production from eight more facilities of the Bahia Terra Pole (Itariri River Collector Station, Jandaia Collection Station, Fazenda Imbé Compressor Station, Taquipe Compressor Station, Lamarão Non-Associated Gas Station, Carmo Oil Treatment Station, Rio da Serra Collection Station, and Fazenda Imbé Collection Station).

The company started the execution of operational procedures required for the safe return of the production process of these facilities, and all 38 facilities that make up the Bahia Terra Pole have already been released for operation, which will allow the resumption of 100% of the total production of the Pole.

Petrobras acted in a dedicated and diligent manner to fully comply with the conditions set by the ANP, reinforcing its commitment to operational safety in all its activities.

Material facts will be communicated to the market in due course.
