Remote voting ballot

Companhia Paranaense de Energia – COPEL (“Company”), a company that generates, transmits, distributes, and trades energy, hereby informs its shareholders that, based on item II of paragraph 3 of CVM Resolution No. 81/2022, it was necessary to replace the remote voting ballot of the AGM to be held on 04/28/2023, without any change in the matters to be resolved or in the order of resolutions contained in the remote voting ballot.

The reason for the restatement was the adjustment of the “Eligible Tickers” for the resolutions referring to the separate election for the Board of Directors and Audit Committee of the preferred shareholders, rendering invalid the votes already given to the referred resolutions.

Shareholders wishing to submit new voting instructions must:

- transmit their voting instructions to their respective custody agents or by the Bookkeeper (Banco Bradesco S.A.), observing the rules and deadlines determined by them, who, in turn, will forward such voting manifestations to the Central Depository of [B]³ Brazil, Exchange, Counter; or
- forward your voting instructions directly to the Company containing the documents listed in the Ballot, up to 7 (seven) days before the date of the General Meeting, that is, until 04/21/2023 (inclusive)

Therefore, we recommend that shareholders forward any new instruction to the same service provider as before, using the version that is active on the CVM/B3 and on the [IR website](#) as of this date.
