Replacement of the Institution responsible for recording the Company's shares

Companhia Paranaense de Energia - COPEL ("Company"), a company that generates, transmits, distributes and trades energy, communicates its shareholders and to the market in general that, pursuant of CVM Resolution No. 44/2021, as of January 19, 2023, the Itaú Corretora de Valores S/A ("Itaú") will become the depository financial institution for book-entry shares issued by the Company, replacing Banco Bradesco S.A. ("Bradesco").

Thus, from that date onwards, service to the holders of shares will be carried out by Itaú's branch network, present throughout the national territory.

Shareholders with shares in custody at B3 will continue to be served, normally, by their respective securities brokers and / or custody agents, with no interruption in the trading of the Company's shares.

Due to the migration process, there will be a suspension of service to shareholders from January 15th to 18th, 2024, in the following procedures:

- (i) Position consultations;
- (ii) Transfer of shares outside the stock exchange;
- (iii) Custody transfer;
- (iv) Payments for any pending events;
- (v) Registration update; and
- (vi) Registration of liens, among others.

Regarding stock transfer orders (custody movement) whose block has been made by Bradesco, without the respective deposit having taken place, the said bank will transfer the blocks to Itaú and these will remain valid until the respective expiration date.

The change in the bookkeeping will not imply any change in the rights conferred on the shares, including dividends, eventual capital remuneration and eventual payments will be made in the same checking account previously indicated by each shareholder.
