

Vale informs about incident on the EFVM railway line

Rio de Janeiro, September 26, 2024 – Vale S.A. (“Vale”) informs that there has been a fire on a train with third-party general cargo in the municipality of Antônio Dias, Minas Gerais, on the Estrada de Ferro Vitória a Minas (“EFVM”) railway line. The fire has been contained and there were no victims. The impact on the affected area is being evaluated and the causes of the incident are being investigated. The company believes it will resume cargo transport today and passenger transport in the coming days. Vale does not expect any impact on its production plan.

Gustavo Duarte Pimenta
Executive Vice President, Finance and Investor Relations

This press release may include statements that present Vale’s expectations about future events or results. All statements, when based upon expectations about the future, involve various risks and uncertainties. Vale cannot guarantee that such statements will prove correct. These risks and uncertainties include factors related to the following: (a) the countries where we operate, especially Brazil and Canada; (b) the global economy; (c) the capital markets; (d) the mining and metals prices and their dependence on global industrial production, which is cyclical by nature; and (e) global competition in the markets in which Vale operates. To obtain further information on factors that may lead to results different from those forecast by Vale, please consult the reports Vale files with the U.S. Securities and Exchange Commission (SEC), the Brazilian Comissão de Valores Mobiliários (CVM) and in particular the factors discussed under “Forward-Looking Statements” and “Risk Factors” in Vale’s annual report on Form 20-F.
