Ref.: Request for clarification on news - CVM Process no. 19957. 016584/2025-21

Dear Sirs,

We refer to Official Letter No. 304/2025/CVM/SEP/GEA-1 ("Official Letter"), dated November 11, 2025, through which you request clarifications from Braskem S.A. ("Braskem" or "Company"), as follows:

"Mr. Director,

We refer to the news published on this date in the Exame Online media, News section, under the title: "Novonor negotiates sale of control of Braskem", which contains the following statements:

Novonor, the parent company of Braskem (BRKM5), is close to concluding an agreement to sell its majority stake in the petrochemical company to IG4 Capital, according to sources heard by the American website Bloomberg. The fund would share control of the company with Petrobras (PETR3; PETR4).

[...]

The new control of the company would be assumed by IG4 after approval of the deal by Cade, the Brazilian antitrust body. The expectation is that a final agreement will be reached this week. However, talks are ongoing and the outcome still depends on adjustments.

To reduce losses and maintain some influence in the company, Novonor is trying to preserve a residual slice of between 4% and 5% in the corporate structure, according to people with direct knowledge of the matter.

In view of the above, we request that you clarify whether the news is true and, if so, explain the reasons why you consider it not to be a relevant fact, as well as comment on other information considered important on the subject."

In this regard, Braskem would like to reiterate that it is not responsible for and does not conduct any negotiations by its shareholder, Novonor S.A. - Em Recuperação Judicial ("Controlling Shareholder"), on the potential sale of the Company's controlling stake, nor on any negotiations by Novonor S.A. - Em Recuperação Judicial's creditor banks. In this regard, the Company clarifies that it is not aware of the information contained in this report, which is why it requested clarification from its Controlling Shareholder, who informed it as

follows:

"In response to the clarifications requested, Novonor informs that, to date, there have been no material or binding developments in the discussions it has been holding with interested parties involving its indirect stake in Braskem S.A.

Any material developments in the discussions will be immediately communicated to the Company so that it can adopt the usual measures."

That's all we have to say, and we remain at your disposal for any further clarification on the subject, should they be necessary.

São Paulo, November 11, 2025.
