Ref.: Request for clarification regarding news – CVM Process nº 19957.013591/2025-71

Dear Sirs,

We refer to Official Letter nº 278/2025/CVM/SEP/GEA-1 ("Official Letter"), dated October 20, 2025, through which you request clarifications from Braskem S.A. ("Braskem" or "Company"), as detailed below:

"Mr. Director,

We refer to the news published on October 19, 2025 in Carta Capital magazine, News section, under the title: "MPF denounces Braskem for crimes related to the exploration of rock salt in Maceió", which contains the following statement:

In Alagoas, the Federal Public Ministry filed a complaint with the Federal Court against the petrochemical company Braskem and 15 individuals for crimes related to the exploration of rock salt in Maceió.

In view of the above, we require you to clarify whether the news is true and, if so, explain the reasons why it was understood that it is not a Material Fact, in addition to commenting on other information considered important on the matter."

In this regard, Braskem clarifies that it became aware of the filing of the complaint by the Federal Public Ministry of Alagoas ("MPF") through a release published by the MPF in the late afternoon of October 16th. However, to date, the Company has not had access to the content of the aforementioned complaint, which is being processed under judicial secrecy, to assess its materiality and possible relevance for the disclosure of a Material Fact.

Additionally, Braskem informs that, without prejudice to the disclosure of material facts, when required under applicable legislation and regulations, it has been publishing updates regarding the Federal Police investigation in Alagoas ("Inquiry") in its Annual Financial Statements and Quarterly Information ("ITR") in the Explanatory Note "Geological Event – Alagoas". In the release of the ITR for the second quarter of 2025, for example, the Company reported that, in October 2024, it became aware of the conclusion of the Inquiry and the respective referral of the topic to the MPF for evaluation.

Being what we had to clarify, we made ourselves available to you for any

additional clarifications regarding the topic, if necessary.
