Approval of Capital Allocation

Rio de Janeiro, September 25, 2026, AXIA Energia S.A. ("Company" or "AXIA Energia"), in addition to the Material Fact disclosed on August 5, the Company hereby informs that its Board of Directors approved, on this date, the allocation of up to R$4.0 billion in additional capital, related to the second-quarter results, for the purpose of redeeming Class “C” preferred shares (“PNC”), subject to the Company’s liquidity levels for its implementation. This amount is in addition to the up to R$7.7 billion approved based on the results of the first and second quarters of 2026, totaling up to R$11.7 billion in capital allocable to shareholders.

The Company clarifies that the approved amount constitutes a budgetary estimate under its capital allocation methodology and does not represent an obligation, commitment, or guarantee that any redemption of PNC Shares will be carried out, or that the approved amount will be fully utilized during the 2026 fiscal year.

The decision is aligned with AXIA Energia’s capital allocation methodology and reinforces the Company’s commitment to financial discipline, value creation for shareholders, and investment capacity, as previously disclosed.
