MATERIAL FACT

Braskem S.A. ("Braskem" or the "Company") (B3: BRKM3, BRKM5 and BRKM6; NYSE: BAK; LATIBEX: XBRK), in continuity with the Material Fact disclosed on December 23, 2025, hereby informs its shareholders and the market in general that it became aware, through the website of the Administrative Council for Economic Defense (CADE), that CADE's General Superintendence (*Superintendência Geral*) issued a Decision (*Despacho*), through which it decided to approve, without restrictions, the Concentration Act related to the potential transaction involving the entry of a certain Private Equity Investment Fund (Fundo de Investimento em Participações, "FIP"), under the specialized consulting of IG4 Sol Ltda. (part of the IG4 Group), as a direct and/or indirect shareholder of the Company, by assuming the equity interest currently held by Novonor S.A. – Em Recuperação Judicial ("Novonor"), as a result of the acquisition, by Shine I Fundo de Investimento em Direitos Creditórios de Responsabilidade Limitada ("Shine I FIDC"), of certain credits against companies of the Novonor Group, currently secured by a fiduciary assignment of Braskem shares (the "Transaction").

Upon publication of such Decision, a 15-day period for a potential review by CADE's Tribunal will commence.

Any additional information that may be received by the Company from Novonor, the FIP or Shine I FIDC regarding the potential Transaction, including with respect to the conditions precedent to its closing, will be disclosed by Braskem to the market in accordance with the applicable laws and regulations.

FORWARD-LOOKING STATEMENTS

This Material Fact may contain forward-looking statements. These statements are not historical facts, but rather are based on the current view and estimates of the Company's management regarding future economic and other circumstances, industry conditions, financial performance and results, including any potential or projected impact regarding the geological event in Alagoas and related legal procedures on the Company's business, financial condition and operating results. The words "project," "believe," "estimate," "expect," "plan", "objective" and other similar expressions, when referring to the Company, are used to identify forward-looking statements. Statements related to the possible outcome of legal and administrative proceedings, implementation of operational and financing strategies and investment plans, guidance on future operations, the objective of expanding its efforts to achieve the sustainable macro objectives disclosed by the Company, as well as factors or trends that affect the financial condition, liquidity or operating results of the Company are examples of forward-looking statements. Such statements reflect the current views of the Company's management and are subject to various risks and uncertainties, many of which are beyond the Company's control. There is no guarantee that the events, trends or expected results will actually occur. The statements are based on various assumptions and factors, including, but not limited to, general economic and market conditions, industry conditions and operating factors, availability, development and financial access to new technologies. Any change in these assumptions or factors, including the projected impact from the joint venture and its development of technologies, from the geological event in Alagoas and related legal procedures and the unprecedented impact on businesses, employees, service providers, shareholders, investors and other stakeholders of the Company could cause effective results to differ significantly from current expectations. For a comprehensive description of the risks and other factors that could impact any forward-looking statements in this document, especially the factors discussed in the sections, see the reports filed with the Brazilian Securities and Exchange Commission (CVM). This Material Fact does not constitute any offer of securities for sale in Brazil. No securities may be offered or sold in Brazil without being registered or exempted from registration, and any public offer of securities carried out in Brazil must be made through a prospectus, which would be made available by Braskem and contain detailed information on Braskem and its management, as well as its financial statements.
