Standard & Poor's upgrades Cemig's Ratings to "brAAA"

COMPANHIA ENERGÉTICA DE MINAS GERAIS – CEMIG ("Cemig" or "Company"), a publicly held company whose shares are traded on the São Paulo and New York stock exchanges, hereby informs its shareholders and the market in general that Standard & Poor's Ratings do Brasil ("S&P") has upgraded the national scale corporate rating of the Company and its wholly owned subsidiaries, Cemig Distribuição S.A. and Cemig Geração e Transmissão S.A., from "AA+" to **"AAA"**, with a stable outlook.

Accordingly, the Company is now rated "AAA" by the three major rating agencies: Moody's, Fitch, and S&P.

The upgrade reflects S&P's assessment that Cemig maintains a strong operating profile and controlled leverage. This rating action also reflects the expectation that Cemig will successfully execute its investment plans, sustaining solid operational performance and stronger cash generation over the coming years, which should lead to a gradual reduction in free operating cash flow deficits.

The Company reaffirms its commitment to maintaining optimized liquidity and capital structure through the extension of its average debt maturity profile, strategic liability management, and efficient cost of capital management.
