Holders of rights to subscribe for Remaining Unsubscribed Shares whose positions are held in custody with the Central Depositary should contact their respective custodians for assistance.

During the Unsubscribed Shares Subscription Period, the assignment of rights to subscribe for Remaining Unsubscribed Shares shall be permitted. Subscribers wishing to trade their rights to subscribe for Remaining Unsubscribed Shares may do so, provided that they act with sufficient advance notice to enable the assigned rights to be exercised by the respective assignee within such period.

The acquisition of rights to subscribe for Remaining Unsubscribed Shares does not, by itself, result in the subscription of shares. For the effective subscription of shares to occur, it is necessary to request the subscription through the Bookkeeper or through the custodians with whom such rights are traded, as applicable, within the relevant deadlines and subject to the applicable conditions.

Subscription receipts for the Remaining Unsubscribed Shares subscribed during the Unsubscribed Shares Subscription Period shall be made available to subscribers: (i) immediately upon payment of the Remaining Unsubscribed Shares, if the subscription is carried out directly through the Bookkeeper; or (ii) on the business day following the payment date of the respective Remaining Unsubscribed Shares, if the subscription is carried out through the Central Depositary. The subscription receipts may be traded on B3 as from September 30, 2026 until the date of approval of the Capital Increase by the Central Bank of Brazil ("BACEN").

If any shares remain unsubscribed following the allocation process, the Company may elect either to conduct an additional allocation among subscribers who participated in the subscription of the Remaining Unsubscribed Shares or to hold an auction of unsubscribed shares on B3, as provided for in Article 171, Paragraph 7, of Law No. 6,404/1976, the procedures for which shall be disclosed to the market in due course. Alternatively, once the minimum subscription amount of BRL 8 billion has been reached and subject to the terms and conditions of the Capital Increase disclosed on July 29, 2026, the Company's Board of Directors may resolve to partially approve the Capital Increase, in which case any unsubscribed shares shall be canceled.

The new shares issued in the Capital Increase shall be entitled to receive all benefits in full, including dividends, interest on shareholders' equity and any other distributions that may be declared by Bradesco as from the approval of the Capital Increase by BACEN.

The Company shall keep its shareholders and the market in general informed of the next steps of the Capital Increase, pursuant to the applicable regulations.
