

AXIA ENERGIA

### **Approval of Capital Allocation**

Rio de Janeiro, September 25, 2026, AXIA Energia S.A. ("Company" or "AXIA Energia"), further to the Material Fact disclosed on August 5, the Company informs that its Board of Directors approved, on this date, the additional capital allocation of up to R\$4.0 billion, based on the partial results for the second half of the year, for the purpose of redeeming Class "C" preferred shares (PNC), subject to the Company's liquidity level for its implementation. This amount is in addition to the up to R\$7.7 billion approved based on the results for the first and second quarters of 2026, bringing the total capital available for allocation to shareholders to up to R\$11.7 billion.

The Company clarifies that the approved amount constitutes a budgetary estimate under its capital allocation methodology and does not represent an obligation, commitment, or guarantee that any redemption of PNC Shares will be carried out, or that the approved amount will be fully utilized during the 2026 fiscal year.

The decision is aligned with AXIA Energia's capital allocation methodology and reinforces the Company's commitment to financial discipline, value creation for shareholders, and investment capacity, as previously disclosed.
