

AXIA ENERGIA

Announcement of corporate demands

Rio de Janeiro, August 21, 2026, AXIA Energia S.A. ("Company" or "AXIA Energia"), in compliance with Appendix I of CVM Resolution No. 80, dated March 29, 2022, hereby informs, as a complement to the Shareholder Litigation Communications disclosed on June 20, 2022 and June 20, 2025, that the appeal filed by the Association of Furnas Employees (Associação dos Empregados de Furnas – ASEF) in the following shareholder dispute has been denied:

Names of the Parties Involved in the Proceeding:	Plaintiff: Associação dos Empregados de Furnas (ASEF) Defendants: Ministry of Economy, Ministry of Mines and Energy, and the Investment Partnerships Program Council (CPPI), represented by the Federal Government, and AXIA Energia.
Case No.	5042055-37.2022.4.02.5101
Court:	8th Specialized Panel of the Federal Regional Court of the 2nd Region (Tribunal Regional Federal da 2ª Região).
Amounts, Assets or Rights Involved:	The amount in controversy was set at BRL 1,000.00.
Dates Relevant to the Proceeding:	June 3, 2022 – Filing of the lawsuit June 8, 2022 – Date on which AXIA Energia became aware of the lawsuit June 10, 2025 – Date on which the judgment at first instance was rendered August 5, 2026 – Date of the appellate decision
Main Facts:	The lawsuit challenges the legality of CPPI Resolution No. 225/2022, which is related to the Company's privatization process. The plaintiff alleges that the changes introduced by CPPI Resolution No. 225/2022 modified the structure of the Company's public share offering and, therefore, requested the suspension or annulment of the Resolution until such regulatory act could be submitted for approval by the Company's shareholders at a general shareholders' meeting.
Court Decision:	On August 5, 2026, the 8th Specialized Panel of the Federal Regional Court of the 2nd Region unanimously dismissed ASEF's appeal, thereby upholding the lower court's decision that rejected all claims asserted in the lawsuit.

Eduardo Haiama

Vice President of Finance and Investor Relations
