Share Inventory Replenishment – Compulsory Loan

Rio de Janeiro, August 20, 2026, AXIA Energia S.A. ("Company" or "AXIA Energia"), announces that its Board of Directors approved, on this date, the transfer of 18,627,331 common shares (AXIA3) and 4,450,379 Class C preferred shares (AXIA7), currently held in treasury, to the account of “shareholders to be identified.”

The transfer aims to replenish the balance used to meet obligations related to legal claims concerning differences in the monetary adjustment of credits arising from the mandatory energy loan program. As an offset to this replenishment, AXIA Energia will derecognize approximately R$ 1.1 billion of the liability (as of June 30, 2026) associated with this matter, with no impact on earnings, thereby mitigating economic volatility resulting from fluctuations in the market price of these shares.

It is important to note that this transaction will not result in the cancellation or issuance of new shares, any change in the Company’s share capital, or any reduction in the number of shares outstanding.

Eduardo Haiama
Vice President of Finance and Investor Relations

AXIA ENERGIA

ANNEX I

INFORMATION REQUIRED UNDER ANNEX G TO CVM RESOLUTION No. 80/2022

1. Provide a detailed justification of the purpose of the transaction and its expected economic effects.

The approved transaction consists of the transfer of shares currently held in treasury to the “shareholders to be identified” account, as a measure to replenish the share inventory used to fulfill obligations related to legal claims concerning differences in the monetary adjustment of credits arising from the mandatory energy loan program.

In addition, Management notes that the transfer of the shares will allow the Company to derecognize approximately R$1.1 billion of the “mandatory loan” liability (as of June 30, 2026), with no impact on earnings.

2. Inform the number of shares (i) outstanding and (ii) already held in treasury.

As of this date, excluding the effects of the transfer approved herein, (i) 2,278,697,967 common shares (AXIA3) and 552,689,876 Class C preferred shares (AXIA7) are outstanding; and (ii) 61,029,195 common shares (AXIA3) and 14,828,830 Class C preferred shares (AXIA7) are held in treasury.

3. Inform the number of shares that may be acquired or disposed of.

The Company may transfer 18,627,331 AXIA3 shares and 4,450,379 AXIA7 shares, currently held in treasury, to the “shareholders to be identified” account.

4. Describe the main characteristics of any derivative instruments that may be used by the Company, if any.

Not applicable, as the Company does not intend to use derivative instruments.

5. Describe any voting agreements or voting arrangements that may exist between the Company and the counterparty to the transaction, if any.

Not applicable, as the transfer of treasury shares to the “shareholders to be identified” account is solely a measure to replenish the inventory of shares used to fulfill obligations related to legal claims concerning differences in the monetary adjustment of credits arising from the mandatory energy loan program.

6. In the case of transactions carried out outside organized securities markets, inform:

a. the maximum (minimum) price at which the shares will be acquired (disposed of); and

b. if applicable, the reasons justifying the execution of the transaction at prices more than 10% (ten percent) above, in the case of acquisitions, or more than 10% (ten percent) below, in the case of dispositions, the volume-weighted average trading price over the previous 10 (ten) trading sessions.

Not applicable, as the transaction is solely a measure to replenish the inventory of shares belonging to the "shareholders to be identified" account that were used to fulfill obligations related to legal claims concerning differences in the monetary adjustment of credits arising from the mandatory energy loan program.

7. Inform, if any, the impacts that the transaction will have on the Company's control structure or management structure.

Not applicable, as the transfer will not have any impact on the Company's control structure or management structure.

8. Identify the counterparties, if known, and, if a counterparty is a related party of the Company, as defined by the applicable accounting standards, provide the information required under Article 9 of CVM Resolution No. 81, of March 29, 2022.

Not applicable, as the transfer involves the allocation of shares to the "shareholders to be identified" account in the context of obligations arising from the mandatory energy loan program.

9. Indicate the use of the proceeds obtained, if applicable.

Not applicable.

10. Indicate the maximum period for settlement of the authorized transactions.

The transfers to the "shareholders to be identified" account will be completed within 30 days.

11. Identify the institutions that will act as intermediaries, if any.

Not applicable, as this is a transfer of treasury shares to the "shareholders to be identified" account carried out through the Bookkeeping Agent.

12. Specify the available resources to be used, pursuant to Article 8, Paragraph 1, of CVM Resolution No. 77, of March 29, 2022.

Not applicable, as this is a transfer of treasury shares to the "shareholders to be identified" account.

13. Specify the reasons why the members of the Board of Directors are comfortable that the share repurchase will not impair the Company's ability to meet its obligations to creditors or to pay mandatory, fixed, or minimum dividends.

AXIA ENERGIA

Not applicable, as this is a transfer of treasury shares to the “shareholders to be identified” account.
