

AXIA ENERGIA

Fitch Credit Rating Upgrade

Rio de Janeiro, August 11, 2026, AXIA Energia S.A. (“Company” or “AXIA Energia”) and AXIA Energia Nordeste S.A. (“AXIA Energia Nordeste”), hereby informs that Fitch Ratings has published a report today upgrading AXIA Energia’s foreign and local currency credit ratings from BB- to BB, as well as the national long-term ratings of AXIA Energia and AXIA Energia Nordeste from AA(bra) to AAA(bra), while maintaining a Stable Outlook for all ratings.

According to Fitch, the upgrade reflects the Company’s continued improvement in its capital structure, supported by asset divestments, a more favorable outlook for energy prices, a strong liquidity position, and a solid business profile, with leverage metrics expected to remain at levels consistent with the current credit rating.

The full Fitch report is available on the Company’s website (<https://ri.axia.com.br/>) and on the Brazilian Securities and Exchange Commission (CVM) website (<https://www.cvm.gov.br>).
